

Bee Beautiful

Sodium Bicarbonate Material Safety Data Sheet

Product Name

Sodium Bicarbonate

Supplier

Bee Beautiful Ltd
173 Chapel Street, Dalton-in-Furness,
Cumbria LA15 8SL
Tel: 01229 467991
E-mail: info@beebeautiful.org.uk
Website: www.beebeautiful.org.uk

Composition/Ingredients Information

CAS number: 144-55-8.

EINECS number: 205-633-8.

Contains Sodium Bicarbonate only.

Hazard Identification

Main Hazard: No hazard identification.

Other Hazards: This product has a relatively low toxicity rating and no handling problems are likely to be encountered providing normal safe practices of hygiene are applied.

First Aid Measures

Inhalation: Dust may cause discomfort. Remove casualty from exposure ensuring one's own safety whilst doing so. If unconscious and breathing is OK, place in the recovery position. Consult a doctor.

Eye exposure: Dust may cause discomfort. Bathe the eye with running water for 15 minutes. If eye irritation persists, consult a specialist.

Skin exposure: There may be mild irritation at the site of contact. Remove all contaminated clothes and footwear immediately unless stuck to skin. Drench the affected area with running water for 10 minutes or longer if substance is still on skin.

Ingestion: Low oral toxicity. Do not induce vomiting. If conscious, give 1 pint of water to drink immediately.

Bee Beautiful

Sodium Bicarbonate

Fire-Fighting Measures

Exposure hazards: material is not flammable.

Protection of fire fighters: Wear self contained breathing apparatus. Wear protective clothing to prevent contact with skin and eyes.

Accidental Release Measures

Personal precautions: Do not create dust.

Environmental precautions: Do not dispose of with acids.

Clean-up procedure: Transfer to a closable, labelled salvage container for disposal by an appropriate method.

Handling and Storage

Ensure there is sufficient ventilation of the area. Avoid the formation or spread of dust in the air. Store in cool, well ventilated area. Keep away from direct sunlight.

Exposure Control/Personal Protection

Engineering measures: Ensure there is sufficient ventilation of the area.

Respiratory protection: Respiratory protective device with particle filter.

Hand protection: Protective gloves.

Eye protection: Safety goggles.

Skin protection: Always wash thoroughly after handling chemicals. Protective overalls.

TWA (8hr exposure limit): 10mg/M3 total dust.

Bee Beautiful

Sodium Bicarbonate

Physical and Chemical Properties

State: Powder.

Colour: White.

Odour: Odourless.

Solubility in water: 9% @ 25 deg. C

Relative density: 2.22

Stability/Reactivity

Stability: Stable under recommended storage conditions.

Conditions to avoid: Direct sunlight, heat.

Materials to avoid: Strong bases. Solutions are mildly corrosive to steel.

Toxicological Information

Effects of exposure: no known effects. This material is considered a low toxicity nuisance dust.

Disposal Consideration

Dispose of waste only in accordance with local or national regulations.

Transport Information

Not hazardous according to transport regulations.

Regulatory Information According to Directive 88/379/EEC

No significant hazard.

Q.C. Requirements

In line with general product specification. Always satisfy suitability for specific application.

This information relates only to the specific product designated and may not be valid for such product used in combination with any other materials or processes. Such information is, to the best of our knowledge and belief, accurate and reliable as of the date indicated. However, no representation, warranty or guarantee is made as to its accuracy, reliability or completeness. It is the user's responsibility to satisfy themselves as to the suitability of such information for their own particular use.
